SUMMONS.

IN THE DISTRICT COURT OF THE STATE of Nevada, in and for the county of Washoe. The State of Nevada sends to Paul Wilcott, GREETING: You are hereby required to appear in an action commenced against you as defendant, by Mary Elizabeth Wilcott, as plaintiff, in the District Court of the State of Nevada, in and for the county of Washoe, and answer the complaint therein within ten days after the service on you of this summons, (exclusive of the day of service), if served in said county, or twenty days if served out of said county, but within said district, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover a divorce from the bonds of matrimony existing between you and plaintiff, and for the custody of your and her minor child, Albert P., aged 13; Mary T., 10; Robert, 9; Ann, 7, and George 3 years; on grounds alleged of your wilful desertion of her one year; of your habitual gross drunkenness contracted since marriage with her, incapacitating you from contributing your share to the support of her and your family, extreme cruelty on your part to her, and your neglect to provide the common necessities for her and your family, where such neglect was not the result of poverty on your part which you could not have avoided by ordinary industry, for one year and more; that you are harsh and of evil manners and example to your children, unfit to have custody of your children, and she is fit and proper to be their custodian; that you and she were married the 15th day of March, 1874, and that she has resided six months and more before the commencement of this suit in Washoe county, State of Nevada all of which will more fully appear from the complaint which is on file in the office of the Clerk of said Court at Reno, in said county, and to which you are especially referred. And you are further notified, that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I have hereto set my hand this 24th day of July, 1888.

THOS. E. HAYDON,
Plaintiff's Attorney.

July 23-07

ASSESSMENT NOTICE.

WESTERN NEVADA GOLD AND SILVER Mining Company. Principal place of business, Reno, Nevada; location of works, Peavine District, Washoe county, Nevada. Notice is hereby given that at a meeting of the Board of Trustees of the above entitled Western Nevada Gold and Silver Mining Company, held on the 27th day of July, A. D., 1888, an assessment (No. 3) of one (1) cent per share was levied upon each and every share of the capital stock of said Western Nevada Gold and Silver Mining Company. Said assessment is payable immediately to the Secretary of the company, at the office of the company, in Sunland building, Room 1, at all stages of said stock upon which the assessment is unpaid prior to the

27th Day of August, A. D. 1888.

Will be deemed delinquent and will be advertised as delinquent, and if not paid before the 27th day of September, A. D. 1888, will be sold, or much thereof as may be necessary to pay said assessment, together with the cost of advertising and expenses of sale.

Secretary Western Nevada G. and S. M. Co.

R. W. Parry has return from California.
Prof. Leroy D. Brown is a happy father.
Register, and take the oath, and don't you forget it.
Justice Borman, of Verdi, was in town yesterday.
Joe Jones, and his boy Dwight, came in from Eagleville last night.
Con. Cal. & Va. has declared its July dividend of 50 cents per share.
The interior of Chase & Church's saloon is being decorated in grand style.
Laboring men are wanted to work on the Essex Ice Co.'s ditch above Verdi.
Any person having lost a bull calf should read the estray notice in another column.
The lumber firms of Sacramento have reduced the price of lumber on an average about \$2 per 1,000 feet.
There is an unusual amount of building going on in Truckee and vicinity, and carpenters are in demand.
John Bradley and Hank Davis know what is the dynamite effect of making a bluff against a man who holds four sevens.
On the 1st inst. George Sutherland, of Iowa, Cal., and Miss Nellie Ash, of Virginia City, were married by Father Tubman.
Because work has been commenced on the Government building at Carson the Enterprise says "Reno will now break ground for a tannery."
The Ward Land and Cattle Co. are shipping some beef cattle to the San Francisco market. They have another drive will soon be in from the north.
Twenty persons have died in Kansas City and St. Louis the last few days, the result of excessive heat. Nevada climate would command a fabulous price in that section.
Grant Wilson put in an appearance yesterday afternoon. He didn't bring back any of the Hawaiian Islands. The young man looks well and feels as though there was no place like home.
All promises well for a grand time next Saturday, on the occasion of the Caledonia picnic. The Highland piper, the Sword Dance and the Highland Fling are among the latest attractions.
It is reported now that the new depot at Winnemucca will be erected on the site of the present freight office, and that tracks will be laid on both sides of it. It is believed that the company will erect a large and handsome building.
Ervin Crane, who has been up in the mountains during the summer, returned to Reno yesterday morning and continued on to his Steamboat Valley ranch in the afternoon. The veteran farmer is taking a vacation, having leased his ranch to his son.
Telegraphic communication has been established between Greenville, California, and all its telegraphic connections, and Susanville. The charge for messages of ten words or more, between Greenville and Susanville will be 50 cents in addition to the Western Union tariff rate.
The jury in the Black murder case failed to agree, standing six for acquittal, five for conviction of manslaughter and one for conviction of murder in the first degree. Judge Rising discharged the jury and set the time for another trial of the case for August 27th. The defendant will remain in jail until the time of trial, as he does not care to go to the trouble of endeavoring to secure bail, even if an application to be admitted to bail should be granted.
AN ARTESIAN WELL.—D. T. Machomich, an enterprising rancher, has decided to sink an artesian well on his ranch, a few miles south of Reno. He has filed with the County Recorder the notice required by the law of 1887, which guarantees a bounty of \$1 25 per foot for such wells, in case flowing water is obtained. Mr. Machomich has all the latest improved machinery now on the ground, and will employ an experienced well-borer to superintend the work. He is very sanguine of success, and intends to push the well to a depth of 1,000 feet if water is not found short of that distance.
TASSELL BROS.' New Goods.—Tassell Bros. have received during the last week a large assortment of boots and shoes to replenish the stock in their commodious store. They call particular attention to their boys' and girls' school shoes, advertised. Their ladies', misses' and children's shoes are reduced to very low prices. Gents', boys' and youths' shoes are also reduced.

TAHOE.
A Trip Around the Lake.

A few days ago a correspondent of the Truckee Republican had the pleasure of a trip to Lake Tahoe and a voyage on the waters of that beautiful work of nature. Leaving Truckee early in the morning, the drive to the lake proved exceptionally pleasant. The air was cool and deliciously fragrant with the odors of the pines and firs of the mountains, and laden with the balm of the Balm of Gileads along the river's banks. Recent thunder showers had laid the dust and the road was hard and smooth. The Truckee river never was more beautiful, gliding shinningly through groves of tamarac, overhanging here and there with willows and alder bushes, and again rippling laughingly over the rocks and pebbles, sweeping along the base of some precipice and now and then breaking into cascades over the dams which the log drivers had built across the stream. It was a charming ride and full of pleasure.
Arriving at Tahoe a call was made upon Mr. Bayley of the Grand Central Hotel. He was full of business, yet with time enough to attend to the wants of his guests. The house was filled with pleasure seekers, some of them had been there for several weeks, enjoying the unsurpassed climate and surroundings of Tahoe and the excellent accommodations afforded at this resort. All seemed to be having a good time and it would have been their own fault if they were not having it, for surely human minds could not hope for a more delightful place to find rest and pleasure.
Soon the shrill shriek of the whistle of the steamer, warned intending voyagers that the time for their departure was at hand. Accepting the compliments bestowed by Capt. Todman, we embarked on his pet, the "Tod Goodwin," and started out upon the blue waters of the lake. The vessel is a nice one and exceedingly swift and staunch. We do not blame Mr. Todman for being proud of his craft, for it is a great pleasure to ride on her. Her crew is a gallant one and manage the vessel to perfection.
Nearing McKinney's, it was seen that the wharf was crowded with the guests at that resort awaiting their morning's diversion of seeing who was aboard the steamer, some to welcome coming friends and some to say good bye to those about to depart. This place has its full quota of patrons, and judging from the remarks of departing guests they were all enjoying themselves. The departing guests were loth to leave and regretted that they could not prolong their stay. John McKinney was there, looking as of old, his kindly face beaming with good nature. We would have stopped to listen to his latest bear story, but the stay was short and the steamer sped on her way.
At the point called Sunbeam, the new Bellevue hotel loomed up resplendent in its attractive colors and picturesque surroundings. The passengers passed many complimentary remarks on the neatness of the buildings and the attractiveness of the grounds. A cordial hand-shake with Mr. Kaiser, the proprietor, was all that could be indulged in. The information was given, however, that the house was comfortably filled with guests, and from other sources we learn that all who have enjoyed the hospitality of the place are profuse in their praises of it, eulogize its management and speak highly of the attentions paid them by the landlord.
"Isn't it beautiful!" was the exclamation heard on every hand when the steamer approached Tallac. It is indeed a pretty hotel, lawns of green grass and shaded by pines and tamaracs. The wharf was crowded with spectators watching the coming of the steamer. Among them was Mr. Comstock, busy looking after baggage and freight, welcoming the new arrivals and making them feel once at home. Tallac is a popular place and is always filled with guests who find a time spent there filled with constant and varying pleasures. There are beautiful drives in the vicinity and many interesting spots to visit. Mr. Comstock is untiring in his efforts to make his guests happy and there isn't the slightest doubt but that he succeeds.
Again the steamer goes on and new sights are afforded to the passengers. Glenbrook is reached and a stop made. This day the steamer returned directly to Tahoe City, though usually it returns over the same route.
The trip is full of pleasure and travelers can always find much to admire and excite their fancy. A drive down the Truckee river in the quiet shades of evening is a delicious experience and a day spent in going around the lake is only excelled by a trip of a week or more in other extended visits can be made at all points, and ample time is taken to see all there is to see, filling the mind with everlasting and pleasant memories.
CIGARS AND TOBACCO.—E. Meyer, the pioneer tobacco and cigar dealer, sells anything to be found in his line. The choicest brand of Havannas or the cheapest brands of domestic cigars may be found at his store, adjoining W. O. H. Martin's establishment. Give him a call for pipes of all kinds.

THE GYMNASIUM.
Progress and Pleasure of the Athletic Club.

On Tuesday evening the members of the Reno Guard gymnasium invited a few of their friends to be present at their regular exercises. No preparations had been made, the idea being to show such of their friends as were in attendance the every-day work that was being done, and while a prepared exhibition would have perhaps given a better idea of the progress made, the members wished to show the real work of the gymnasium. There were about a dozen members ready for business at half-past eight. Their uniform is neat, light and well adapted to ease of motion, and on Tuesday evening it was worn by a lot of as sturdy, muscular and manly appearing young men as any town can show. The first exercise was a drill in walking, running and calisthenics. This was followed by exercises upon the fixed apparatus, the parallel bars, horizontal bar and swinging rings, the boys showing a proficiency which is remarkable considering the time they have been practicing, and the leaders giving much care and attention to see that the exercises were correctly performed, and that no accident should happen to the performers. At the termination of the class work, which occupied about half an hour, the members betook themselves to such exercises as they liked best. Some were swinging the Indian clubs, some fencing or boxing, others practicing at high kicking or acrobatics. In the latter line of gymnastics, there are half a dozen members who already show fine training for amateurs. A three-story pyramid of five men, such as was built neatly and quickly by the boys last Tuesday night, is something one seldom sees accomplished except by professionals. Everybody present seemed much pleased with the showing made, and many flattering comments were made upon the fine gymnasium outfit possessed by our boys, and their proficiency in making use of it. Wonder was expressed that more of our youth did not take advantage of this opportunity for physical training. The JOURNAL wishes it could influence every young man in the town to belong to this splendid institution. A course of gymnastic training, with regular, systematic exercise will give the boy just passing into manhood a vigorous frame, an upright and graceful carriage, and lay the foundation of a sturdy and useful life; to the brain-worker or clerk, who has little exercise in his daily duties, it will add much power of mind as well as body, and build up a strong constitution to tide him over the possible illness or accident, and add years to his life. Members who are in earnest are eagerly sought for, and the expense of membership is very light. The leaders wished the JOURNAL reporter to say that they would welcome any friend of the institution who would care to witness their regular work on any class night. They hope by this means to attract some who will become active members. The ladies are especially invited.

EXCELSIOR.
The Meadow Lake Ore Successfully Worked at Last—A Revival in the Old District.
Year after year different parties continue to peg away at the ore in Meadow Lake, endeavoring to hit upon some process by which the gold can be extracted therefrom with profit. Heretofore, says the Truckee Republican, it has defied all means used, the rock being so filled with base substances that the more precious metal could not be separated. Two years ago a company was organized in San Francisco for the purpose of experimenting with the ore, and an extensive plant was put in and a new process was tried. It proved a dismal failure but the company was not discouraged. Last year a different plant was put in, but the winter season coming on, no definite result was reached. This season the work was continued. The mill has just completed its first run, and the result is said to be equal to the hopes of the promoters. A partial clean-up after a ten days' run produced a bar of gold weighing thirty-one ounces and valued at \$850. The process employed was the invention of F. Morris. The ore was taken from the old Excelsior mine owned by H. C. Hartley. From Mr. Teeter, who was at Meadow Lake this week, we learn that the rock crushed assayed at \$14 a ton, and the reports at the camp say that the results show a net profit of four dollars a ton above the cost of extracting and milling the ore. The lessees of the mine are highly elated over the result and if the reports are true, or half true they have reason to be so. A profit of four dollars a ton or even two dollars a ton is a good one as the quantity of ore is almost limitless, and is sufficient to keep a dozen mills running for years. The mill at present at work will continue to run during the season, and if the subsequent results equal those now produced the value of the old camp will be demonstrated. The news will be of great interest to all those who own mines in the district, and there is a probability that in the near future

Meadow Lake will be a pretty lively mining camp. A number of Truckee parties are interested in the locality and they will be pleased to hear the good news. It is to be hoped that all reports are true, and that the future results will confirm the success of the new process. Further developments will be watched with interest.

WORK COMMENCED.—The Carson Tribune, of Tuesday evening, says: This morning the gate of the U. S. building lot was opened and men set to work cleaning up the ground, removing the dried grass roots, etc., and preparing for the foundation, which will commence as soon as the track is laid from the railroad to the ground. The stone at Ophir is ready for movement and chances look well for an early start.

PRIME BEEF.—Harry Fogg, of the People's Market, keeps the very best meats to be found in Nevada for his customers. And no beef is better on the coast than Nevada beef.

The Virginia Chronicle says it is probable that the extraction of ore from the Confidence stopes will be temporarily suspended this month, pending needed repairs to the Yellow Jacket shaft, through which that mine is operated. Advantage will be taken of the shutdown to overhaul the Brunswick mill. These repairs have been postponed as long as it is safe to operate, and a short shut-down is now imperative.

The Only Perfect Remedy
For habitual constipation, dyspepsia and kindred ills is the famous California liquid fruit remedy, Syrup of Figs. It is easily taken, and perfectly harmless. Sold by Wm. Pinniger, Reno.

An Explanation.
What is this "nervous trouble" with which so many seem now to be afflicted? If you will remember a few years ago the word malaria was comparatively unknown,—to day it is as common as any word in the English language, yet this word covers only the meaning of another word used by our forefathers in times past. So it is with nervous diseases, as they and malaria are intended to cover what our grandfathers called biliousness, and all are caused by troubles that arise from a diseased condition of the liver which, in performing its functions, finding it cannot dispose of the bile through the ordinary channel is compelled to pass it off through the system, causing nervous troubles, Malaria, Bilious Fever, etc. You who are suffering can well appreciate a cure. We recommend Green's August Flower. Its cures are marvelous.

ADVICE TO MOTHERS.
Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhoea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female nurses and physicians in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. feb. 21-3w f-1v

When Baby was sick,
We gave her Castoria.
When she was a Child,
She cried for Castoria.
When she became Miss,
She clung to Castoria.
When she had Children,
She gave them Castoria.

ROYAL
BAKING
POWDER

250 Beautiful Lots For Sale! A RARE CHANCE FOR INVESTMENT AND A HOME THE MOST LOVELY PORTION OF RENO.

Facing the Truckee-The Aristocratic Riverside Avenue Driveway-Splendid Sewerage-Healthy Location and Safe From Fire.

The proprietor is now ready to receive proposals for lots in Powning's Addition. The map gives a good idea of the Tract, which is situated between the Central Pacific Railroad and the Truckee River, and commences on the west at a point three blocks distant from Virginia Street, making it the most central and convenient of any portion of the rapidly growing town of Reno.

Before Buying Elsewhere Parties will do Well to Look at These Lots.

RENO

Has no equal in Nevada or California for salubrity of climate, wealth of soil, diversity of products and stability. Situated in the very heart of the celebrated Truckee Meadows the future of Reno is assured. Reno is the City of Homes. There is not a house to rent in Reno. New buildings are occupied as fast as erected. Reno has advantages which no other town can equal. The climate is mild and genial in Winter, and even and healthful in Summer. There are no excessively heated or severely cold terms, and while the days may be warm in Summer the nights are deliciously cool; in Winter sleigh-riding is the exception and not the rule.

Facilities for irrigating surpass any in the State, and there is no failure of crops. Reno has Churches of all denominations, Bishop Whitaker's School for Girls, Mt. St. Mary's Academy, the State University, and splendid Public Schools.

The Reno Water Co. furnishes ample pure, cold water for all purposes. The Reno Electric Light Co.'s electric light system, already well established, is being augmented. The Reno Gas Co. supplies gas for all purposes. The streets of Reno are lighted by electricity.

RENO

Has 5,000 Population and is Growing Rapidly.

The Loveliest Town!

The Cleanest Town!

The Wealthiest Town!

The Healthiest Town!

RENO

Is the Railroad Center of Nevada.

RENO

Is the Educational Center of Nevada.

RENO

Is the Healthiest Town in Nevada.

RENO

Is Great, and Alfalfa is King!

The Safest Investment IN THE STATE

RENO PROPERTY

Is the Cheapest on the Coast in comparison with that of other cities.

RENO

Reno's geographical position is excellent. It is on the line of the Central Pacific Railroad, only 154 miles from Sacramento, and 244 miles from San Francisco. It is the terminus of the Virginia and Truckee Railroad running south, and of the Nevada and California Railroad running north. It has two Flouring Mills, Planing Mills, three Nurseries, a Soap Factory, Reduction Works, and other industries. A great Woolen Mill and a Sash, Door, Blind and Box Factory, are about to be established.

Reno has the Bank of Nevada with \$300,000 capital, and the First National Bank with \$200,000 capital. It has two fine papers in the DAILY and WEEKLY NEVADA STATE JOURNAL and the Daily and Weekly Gazette.

Reno is the natural home of the Alfalfa, and therefore the great cattle headquarters of the State. Here are fed the prime beef for the California market. Reno potatoes are the best in the world, and she also excels in Strawberries and the small fruits. Reno Wheat took the first prize at the great New Orleans Exposition.

The State Fair is always held at Reno.

Reno is the County Seat of Washoe County, the wealthiest county in Nevada.
